

Welcome to NANI!

NANI was founded on the idea that massage therapy extends far beyond pampering and relaxation to a ritual necessary for optimal health. Every touch point of the NANI experience is supportive of this philosophy, from our revolutionary platform table to individual therapies that address the best technique, pressure, and infusion for every customer and every visit.

The result is a full-body experience that is summed up in our symbol, the butterfly... beauty, strength, and health transformation.
